# ZAPAK BATTERY (NEW VERSION)

Bosch battery comes in either 14.4 volt or 18 volt and can be normal or thin. The thin versions are used for the BXT-3 the 14.4 for the 13mm version and the 18 for the 16mm version. ( the BXT3-19 uses the thicker version of the 18 volt battery the same as the BXT2-19). The thick 14.4 volt battery is used for the BXT2-13 and 16.
